

The world's biggest and best
biennial masters games.

Baseball Disputes, Breaches & Judiciary Procedures

The judiciary process is controlled and administered by the Games Director.

All disputes, breaches and offences are to be detailed on the Games cards provided for each game and offences are to be detailed on the Games cards provided for each game and delivered to the Games Director within 30 minutes following the completion of the game.

The Games Director will be required to countersign the Game card and note the time that the dispute, breach of offence was lodged.

The Game director shall read the report and decide on the appropriate course of action – which may include convening a judiciary hearing, applying a penalty, taking no further action, or dismissing the action.

The judiciary panel will consist of the Games Director, Umpires Coordinator and up to three (3) other independent persons with the appropriate skills and understanding of judiciary related matters.

Any judiciary hearing will be undertaken at a convenient time during the day when the incident occurred or following the closing of the day's proceedings.

If there is a need to convene a judiciary hearing, the Games Director will cite the relative parties to attend the hearing. Cited parties and any other attendees will be determined by the Games Director only.

A cited party shall have the option to plead guilty to the charge and not attend the judiciary hearing.

All relevant parties including Team Managers will be advised of the outcomes immediately after the conclusion of the hearing.

The decision of the Games Director and/or the Judiciary Panel will be final, and no appeal will be allowed.

PLAY IT, LIVE IT, LOVE IT!
